RANDY DYCK

Editor

We have entered a new decade, a decade dedicated to great technological advance and destined to influence the future of mankind more than any previous comparable period of time. The 1960's will indeed decide between total annihilation and a world whose civilization will reacr previously unimaginable heights. In respect of the importance of the coming years we have chosen as our theme, "The Sixties".

Education will continue to play an augmented role in "The Sixties." Crescent, in its own small but vital way, will continue to inspire its students with a will to learn, to reason and to create. Because of the influence our school is bound to exert in this historic decade, we have, we feel, appropriately dedicated this issue of the Bugle to our principal, Mr. Cooper. We have invited Senator Donald Cameron, whose recommendations will also greatly affect education in the next ten years, to write our guest editorial.

To the graduates we wish success in their chosen careers, happiness and prosperity in their future; to the tens and elevens, continued good fortune in carrying on where the twelves left off. May future terms at Crescent be as successful as the one just completed and may the world, with us as its leaders, be one of greater promise and greater hope.

It is on us that the success of "The Sixties" will depend.

This issue of the Bugle is the result of the work of many people, each of whose contributions have been in some way responsible for whatever success it has attained. To these people I extend my thanks.

How can I express my gratitude to Mr. Warwick and Mr. Lewis for the untold hours they spent in the Bugle's behalf?

And to my staff whose extensive foot and mental work I greatly appreciate.

Neither could we have done without the fine and persistent work of the Grade XII Biography Writers, nor without the support and assistance of Mr. Cooper.

Keeping in mind the financing of the Bugle, I thank Eric and Erika Berndt for plodding perseveringly around to our advertisers. I thank these advertisers, those who patronize them and YOU for buying the book.

You of Mr. Warwick's and Mr. Lewis' typing classes and Mrs. Moore's Art Department who obliged us without complaint.

Our thanks too, to Mel Fishman and Vic La Vica for their work with photographs and to the Phoenix Press and Senator Cameron, who were so understanding and served us so well.

Ultimately, to all of these, and all of those who also assisted in the production of the '60 Bugle, I extend my sincere thanks.

RANDY DYCK, Editor

Dedication

To Mr. Winston H. Cooper, Principal of Crescent Heights, we respectfully dedicate this forty-first issue of the Bugle.

Although he was born in Nanton, Mr. Cooper received most of his education in Calgary, attending Central High against his better judgment. After university and various teaching positions throughout the city he joined the staff of Crescent and later became Math Department Head and Assistant Principal.

With initiative, foresight and unremitting energy Mr. Cooper has piloted Crescent through an exceptionally successful year. In view of this, his devotion to education, and his concern for youth, we wish that his term as principal of Crescent may be one of great length and of equal good fortune.

To Mr. Cooper, his wife, two daughters and son, we wish happiness, health and continued success.

Principal's Message

The first half of this century was characterized by two wars and a depression—all on a world-wide scale. Since the end of World War II, there has been a "cold" war between Democracy as practised by the countries of the West and Communism as practised by Russia and Red China. The world enters the last part of the century in a very troubled condition.

Most of the staff of our School know something from first-hand experience of living under conditions created by depression and war. Many of our students have experienced living only in a rather favorable economy and with a rather remote "cold" war. In the next few years many changes will be forced upon staff and students alike. Teachers to a degree, and students, in a large measure, will be required to prepare to live in a different world: great technological advances must be carried forward and world-wide social, political and religious problems must be faced. This would indicate that each student will be required, in the future, to work hard—to the limits of his capabilities—to be prepared to contribute his share to the solution of problems in the fields of the humanities and the sciences. It is a prospect requiring hard work, self-denial, and the best in each of us to affect the solution of the world's problems. The rewards of this effort, however, will be great—satisfaction that comes from a job well done and realization of the hope that our way of life can be passed on to those who come after us.

May you, the students of Crescent Heights High School, continue to take from this school the elements of education and training that will make possible a significant contribution to our Canadian society.

W. H. COOPER,
Principal

Guest Editorial

It is always a pleasure to have an opportunity to talk to or write to young people and for this reason I welcome the opportunity and honor of writing the guest editorial for the Bugle.

Young people of high school age today are living in the most exciting of all times, even though we must recognize that the world to which each new generation comes is always exciting and full of rich, challenging opportunities for that generation. The first generation to be born and raised on the western plains had the exhilarating adventure of helping to convert a new and virgin land into hundreds of homesteads and to build cities and towns, to operate ranches and mines and timber limits, and to have all the thrill of blazing new trails into the unknown. This is always an adventurous time and while the pioneer had to put up with many hardships and privations he also had the compensations of the wiry pioneer, a sense of creating and building, and the warm sense of comradeship that comes when people are pretty much on one economic level and do things together.

Then the generation that came on the scene at the end of the 1940's shared in a new type of pioneering—that of converting our country from an agricultural to an industrial economy. The coming of the oil wells and the development of the vast petro-chemical industries, which are still in their infancy, provided new opportunities for the people of Western Canada to think, to plan, and to build a new kind of life with a far different tempo to that of the rangelands and wheat-fields. This era too provided its compensations in rich rewards for many and increased opportunities for all.

But we are entering a still newer and vastly more complicated world with the coming of the 1960's—the beginning of the age of space and interplanetary travel. An age where the miracle of new sources of energy, combined with the wizardry of electronics, is opening up new vistas of opportunity for young people in the exploration of the physical universe and its wealth of new materials which will make the 1970's and 1980's as different from the 1950's as night is from day. Therefore, for the young person, who is to make this new and exciting world his own, there are new and difficult obstacles to be met and mastered.

Success in the new age of space and technology will not go to the shallow and frivolous, the undisciplined and selfish. While the rewards in a material sense, and more importantly in terms of spiritual

satisfaction, will be great for those who succeed, the competition from millions of hard-working, determined and dedicated young people in Russia, in Asia and in Africa, is going to make the race strenuous and exhilarating. The key to success in this international and interplanetary competition is Education. Success will go inevitably to those people who have the strength of character, the determination and the imagination to discipline themselves, to strive for a mastery of subject matter in greater depth and over a longer period of time than any generation in previous history. If you accept this challenge and this discipline and use the deeper knowledge and understanding that comes with it, your generation of pioneers—the pioneers of the space age, can also be the pioneers of a new and more important dimension, pioneers in the art of living together in a world of peace and friendship where the great talents of man are harnessed for the enrichment of the mind and the banishment of hunger and poverty, injustice and despair. If you can succeed as pioneers in this monumental task you will be the most important pioneers and trail blazers of all times.

May you have all success.

In Remembrance

MR. GERALD CLAIR WHITE

Mr. White's many friends, amongst teachers and students, will mourn his untimely death in Scotland, 3rd May, 1960.

Mr. White was born in Campbellford, Ontario. He came to Calgary at an early age and has lived here since that time. He graduated from the Calgary Normal School and from the University of Alberta with a Bachelor of Arts degree.

After joining the staff of the Calgary School Board in September, 1929, Mr. White taught in many schools in Calgary. He was appointed to the staff of Crescent Heights High School in September, 1951, to be in charge of the Arts and Crafts courses. He was studying and vacationing in Great Britain with his family this school year, enjoying a well-earned sabbatical leave.

Mr. White was a good man and a good teacher. His ingenuity, his enthusiasm, his talents and his industry will be long remembered by those with whom he worked and by those for whom he gave so much of himself.

ACTIVITIES

STUDENTS' UNION

With representatives from each room and most clubs, the Union worked hard and sponsored many activities during this school term. Fran Van Sant was the President of the Union for 1959-1960 and with an eager force of assistants composed of the Vice-President, Barry Jonas; Secty., Carol Harris; Treas., Kaye McArthur; Fifth Member, Mary-Anne Watton; and Sixth Member, Muzzy Luft; many worthwhile events and programs were realized. In the late Fall, the Freshman's Day celebrations formally swung the grade tens into High School life and the day ended with the Freshie Shag. "Crescent Cares-do you?" was heard throughout the school during the week from November 16 through to the 20th. This "Care" drive was administered by the Union and was a gigantic success. The sum of \$653.34 was donated by our school to supply food and clothing to underprivileged children in Korea. After the Xmas vacation five grade XII students spoke in support of Education Week which the school government backed in stressing the great importance of education in the world today. Two special days which were greeted with enthusiasm by most students were "Brotherhood" and "Dress-up" days. During the former day each student was urged to sport some name tag which would identify him and promote school spirit. In April, "Dress-up" Day was participated in by teachers and students alike who came to school in their "Sunday Best" with the hope of looking sharper, feeling sharper and thus BEING sharper.

The Prom and Graduation Exercises and Banquet concluded the Union's major activities for the term.

THE PIRATES OF PENZANCE

The students of Crescent Heights surpassed their regular high standard of operettic proficiency in their performance of Gilbert and Sullivan's well-known operetta, *The Pirates of Penzance*, March 16, 17 and 18. Seldom, if ever before, has Crescent had such able and tireless directors, designers and managers, and such a co-operative, capable, hard-working cast.

Taking the lead role was Judy Robinson who portrayed the part of Mable with great charm. Other feminine lead roles which were also well handled included as Edith, Donna Carr; as Kate, Audrey Cramer; as Isabel, Sandy Hymas; and as the uncomely pirate maid, Meredith Smith. A delightful eighteen-member chorus also sang to perfection.

The male leads included Don Woodworth, "The Very Model of a Modern Major General"; Bill Ouellet, the Pirate King; his lieutenant, Samuel, Lyle Spry; Sergeant of the Police, Gordon Mehling, and the Pirate Apprentice, Frederick, Stan Fockner. To complete the masculine part of the cast was a chorus of pirates and one of policemen.

The story centers around Ruth's apprenticing Frederick to a band of pirates instead of to a pilot. As his indentures to remain a pirate until he is twenty-one are almost up, Frederick plans to leave the band. Against his will he consents to marry his 47-year old nurse, Ruth. The wards of Major General Stanley arrive and Frederick falls in love with Mable. The pirates, however, return, and desire immediate marriage to the wards. The Major General persuades the pirates to let them go because he is an orphan. (The pirates were very sympathetic to all orphans.)

Because he is not an orphan and "never was one", the Major is bothered by his conscience and broods in a ruined chapel (designed by Don Woodworth). It is discovered by the Pirate King and Ruth that since Frederick was born on February 29 of a leap year he is really only 5½ years old. His sense of duty compels him to rejoin the pirates and tell them that the Major is not an orphan.

The Major General is seized by the pirates who are forced to yield by a very brave police force in the name of Queen Victoria. Since the pirates are really "noblemen who have gone wrong" they are permitted to marry the pretty wards.

The backdrop for the play, a scene of the rocky seashore on the Coast of Cornwall was painted by Maureen Mitchell in a "very realistic manner." The sets for Act I were designed by Tom Chermnsnok.

The make-up club, under Mrs. Dorothy Boucher, the stage and lighting crews, the costume designers under Miss Jean Farr, and the ticket takers, ushers, advertisers and complete financial end, all under Miss Elizabeth Duff, the cast under Miss Carol Barnes, and the singers and orchestra under Mr. Lloyd Erickson worked in perfect harmony to produce a very successful show.

Crescent Cares . . .

Crescent's Care Drive ran from November 16 to November 20 and was sponsored by the Students' Union with Ron Fox and Larry Ikeda at the head of the "Care" committee. During these five days a wide variety of activities were held to raise funds for the project which was aimed at providing food and clothing for Korean children. The week began with a gigantic Candy Sale which was followed by a White Elephant Sale in the old gym. The Elephant Sale was a popular activity for two noon hours, and the many interesting articles were auctioned away by the star auctioneer, Barry Jonas. Boys and girls who purchased their partners at the auction for reasonable prices were allowed to keep them as their special partners for one half hour at the "Capers for Care" dance held after school one night during the week. In each room in the school a sizeable jar was placed in conspicuous locations and contributions were placed in them by students and teachers. Room 14 donated the largest amount of money—\$46.13 with Room 1 and Room 23 followingly closely with \$39.31 and \$39.13 respectively. A grand total of \$500 was expected by the Union but they happily sent \$653.34 to the Care Council in Ottawa.

THE SAFE-DRIVING CAMPAIGN

When Crescent students decide that something **must** be done, they usually **get** it done.

Last fall a number of Hi-Y members were sitting around complaining that our school had a poor reputation around the North Hill for reckless driving. The saddening conclusion was that non-students calling for their friends caused a good deal of the complaints from the community.

Since Hi-Y'ers are out "to create, maintain and extend throughout home, school and community, high standards of Christian character," a committee was formed under the chairmanship of Bill

Middleton to see what could be done to improve the situation.

Sergeant Don Hanson and Const. Bill Chisholm of the Traffic Safety Department of the City Police joined whole-heartedly with the committee which was extended to include the Students' Union Executive and representatives of three established Car Clubs—the Sinners, the Road Knights, and the Toppers.

At a general school assembly in January, a panel of members of this committee discussed some of the problems of teen-age driving behavior. One member received considerable applause for suggesting that No U-Turn signs placed in front of the school might help to stop the daily parade of cars in front of the school. The police took the matter up with the Traffic people at City Hall and within a few weeks' time the signs were in place.

As time went on, a plan to separate law-abiding students from visiting "show-offs" resulted in the design of an attractive blue and white windshield sticker to be given to Crescent drivers who could produce a driver's license and a car licensed for 1960.

The police helped to draw up a suitable registration form and offered to train a group of boys who could give cars a routine safety inspection. In addition they agreed to respect the Crescent sticker when their enforcement officers were conducting safety checks on vehicles cruising in the vicinity of the school. In other words, the car without the Crescent sticker is very likely to be stopped and thoroughly checked.

A program of driver education was also planned. Officials of the A.M.A. as well as the Teen-age Safe Driving Committee of the Calgary Junior Chamber of Commerce volunteered their services. Safe Driving Week, held early in May, was set aside to highlight driving techniques, driver testing and the inspection of interesting types of cars.

Although everyone recognizes the danger inherent in a ton or so of jagged metal in motion, and some people scream about the carelessness and even recklessness of young drivers these days, nobody does much about it—except the students of Crescent Heights High School.

MAY QUEEN 1960

After the most colorful campaigning that Crescent has ever seen, Shirley Walker, a dark vivacious, Point-of-Pierre, Trinidad-born matriculation student, emerged as May Queen of 1960 at the May Queen Dance, April 29. Shirley was crowned by Carol Campbell, May Queen of '59 at the colorful affair.

Runners up to the Queen were Fran Van Sant and Donna Mackay. The three beautiful victors were presented with bouquets and a kiss by Barry Jonas on behalf of the Union, and with gifts by Betty Fox for the Girls' Association and by Sharon Willner for the Booster Club.

The other three lovely contestants, Shonnie Guy, Judy Robinson, and Donna Crawford, put up a competitive campaign.

The crowning of Shirley was a pleasant climax to the Athletic Banquet, held in the cafeteria, which featured the presentation of Athletic Awards and an inspiring address by famous Calgary Track Star, Doug Kyle. After one and one half hours of dancing to the music of the Palliser Band, those in attendance formed an aisle down the center of the old gym and cheered as Shirley, Fran and Donna made their way to the throne. The whole evening was enjoyable, and the Dance Club, under Rich Madsen, deserves much praise for its success.

FOOTBALL QUEEN

Darlene Kendall of Room 17 was crowned Football Queen of Crescent Heights at a football dance last fall. Darlene received a locket on which was engraved "Miss Football of C.H.H.S." Her ladies-in-waiting were Maureen Mulholland and Donna Mackay.

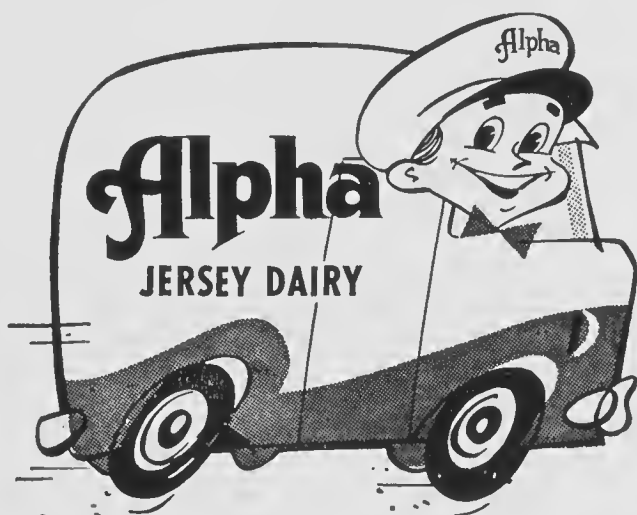

Eighteen-year-old Darlene hails from Penticton and Vancouver. She is a grade twelve Matriculation student and is active in the orchestra, a violinist, and the Booster Club.

The football teams and the students of Room 18, who sold the most season football tickets voted in the Football Queen contest. It proved to be so successful it will likely become a tradition which will continue for many years to come.

Congratulations, Darlene, and Good Luck!

DRAMA CLASS

This year, as usual, the drama class was instructed by Miss Barnes. Included in the class's activities was a study of voice, carriage, stage movements and blocking, the various parts of the stage, and the make-up techniques. Their first project was to present a skit which was put on for the entertainment of the Freshmen in the Fall. Following that, the class was divided into groups of two's and three's, and each group presented a short scene from a play, making use of the acting techniques which they had been studying. Also, there were several short skits performed during the class time (fifth period) before the Christmas Concert. Immediately after the Christmas holidays the drama class began to work on the Operetta. A few students acted and sang in the production but most of the class labored backstage helping with

properties, make-up, costumes and construction of stage flats. Everyone had a share in the work. After the Operetta the group was again divided into four sections, each of which had to choose and present a one act play in May. For each play there was a director and it was the responsibility of each group to provide its own costumes and make-up. The final play, which was the class's major activity, provided the basis for each person's final mark in drama.

Traditions *that live*

Strong and honourable traditions provide the foundation of firm training in leadership expressed today in the motto of the three Canadian Services Colleges: Truth-Duty-Valour.

Allied to the prestige of the past is a university degree education given by these colleges to the officer-cadets of Canada's armed forces. Carefully selected high school graduates are trained for challenging professional careers as officers in the Navy, Army or Air force, for the responsibility of holding the Queen's Commission.

to serve the **Future**

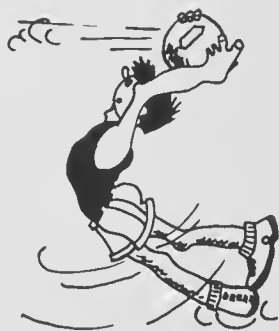

Through the Regular Officer Training Plan (ROTP) the Department of National Defence will sponsor a limited number of qualified high school graduates to obtain a university degree education, either at the Canadian Services Colleges or at designated Canadian universities. Full details of this sponsored education can be obtained without obligation from your nearest Armed Forces Recruiting Centre, or by mailing this coupon now.

After the fabulous success of the team last year, this season was a slight come-down. We still had, however, some very fine plays and good sportsmanlike conduct. Crescent is proud that one of its guards, Bill Eshom, was picked for the City All-Star Team. Again under Head Coach, A. R. "Butch" Roberts, the team, headed by Tom Tait and Bill Eshom, had an enjoyable and profitable year.

JUNIOR FOOTBALL

The Junior Team can only boast of a record of one win, one tie and four losses. A more profitable season is hoped for next year.

Members of the team were:

Quarterbacks: Ron Clowes, Dennis Leask.

Halfbacks: Ed Kuczak, Larry Jung, Bill Wylie, Wally Yeats.

Fullbacks: Dave Hutchison, Gary Lait, Don Watson, Fred Purvis.

Ends: Brian Huggard, Jerry Westland, Ed Wahl, Doug Macintosh.

Guards: Wayne Whitaker, Vern Lunan, Mal Brown, Ken Koch, Neil Brookwell, Al Gunn.

Tackles: Ron Lehr, Dave Turner, Reg Rowell, Ken Smith.

JUNIOR BASKETBALL

The Juniors, gaining fourth place too in the Inter-Scholastic Standing, showered Crescent with seven wins and only five losses. Let's hit the top next year, boys! Members of the team were:

Post: Barry McCullough, Tony Field, Doug McIntosh, Neil Graves, Ken Koch.

Centers and Forwards: John Broad, Dennis Leask, Ed Kuczak, Eric Gronberg, Herman Tietz.

SENIOR GIRLS' BASKETBALL

The Senior Team, coached by Mrs. Nixon, was an outstanding example of Crescent's spirit this year. All games were determinedly played and won (except a few close ones). The end of the season, however, brought defeat (by Western): the two-game final was lost by a scant eight points.

Mrs. Nixon (coach). An expert basketball player herself, Mrs. Nixon has the talent and ability of organizing top-notch Crescent teams, as is demonstrated by Crescent's superior playing and spirit.

Donna Morgan (guard). Height with co-ordination are excellent combinations for a basketball player, and Donna has them—watch her grab those rebounds!

Ida Thompson (forward). Speed is her watchword—combined with action, it certainly produces great results.

Carol Olstad (centre). Don't let that sheepish grin deceive you—it's just an effective facade!

Fran Van Sant (forward). Besides being an excellent all-round player, Fran can outjump any "Westerner."

Bonnie Henderson (centre). Calm and quiet, Bonnie slips into advantageous spots quickly, unnoticed until she grabs the ball.

Virginia Eggen (forward-guard). Virginia has achieved more skill and co-ordination since last year—remember that perseverance is rewarded.

Val Brock (forward). Val is our gal Friday—good in all the various phases of basketball. Speed and good-thinking has won many a game for Crescent.

Sharon Rhodes (guard). The spirit of the team—on, and even off the floor, this vivacious blonde can shout encouragement into any game.

Phyllis Munde (forward). Who was that tearing down the floor?—why, Phyllis, of course.

Arlene McDonald (guard). Every good team needs some excellent guards, and Crescent proudly boasts the ownership of Arlene, a true, all-round sports-woman.

ALVERA WITT

INTERMEDIATE GIRLS' BASKETBALL

In spite of excellent coaching from Mr. Davies, the Intermediate Girls' were frowned upon by Mr. Success this year (they lost the chance for the play-offs by one point). General support was good, but next year, let's make it bigger and better!

Mr. Davies (coach). As usual, Mr. Davies did an excellent job of teaching Crescent's girls the true fundamentals and merits of basketball.

Diane Cheal (centre). Even hurting her knee couldn't keep this gal from basketball—did you see that flash?—that's Diane.

Judy Wong (forward). Swish! Swish! no wonder Judy is the second highest scorer in the League.

Ilma Feldmeyer (guard). Let's name her Miss Rebound, shall we?

Marg Terriff (guard). Marg is our heroine from the lovely grade tens

who decided to stay with the Intermediates, even though the Seniors beckoned.

Joanna McKay (forward). Joanna is the pert miss who keeps the opposition befuddled—and gets the ball in the process.

Ev Wylie (forward). Ev, although left-handed, is a true asset to any team, for she dribbles and shoots with the best.

Maureen Beavis (guard). Maureen has good defensive qualities which Crescent hopes to develop in the near future.

Trudy Clark (forward). An accurate and conscientious player—let's see that long shot developed, Trudy!

Betty French (centre). Betty is the official substitute for Diane—let's see some competition, Betty.

Mary Ann Watton (guard). This gal has the vim, vigor and vitality essential to a good team.

Shirley Sears (forward). Although Shirley is usually very quiet, one knows she's around when those corner shots swish.

Pat McKague (forward). Pat's letter could easily be "C"—for controlling the ball, that is.

Betty Fox (guard). Betty, a more active participant in school sports than most, is making a good combination of basketball and cheerleading.

ALVERA WITT

JUNIOR GIRLS' BASKETBALL

The Juniors seemed to be riding a streak of bad luck this year, even though they had the expert coaching of Miss Cload, Crescent's newest addition to the Phys. Ed. Department. Better luck next year, girls! The team was comprised of:

Centers: Laurie Wilcox, Lorraine Evans.

Guards: Pat Bailie, Arlene Dyson, Lorna Botter, Margaret-Ann Frew, Marsha Nestegard.

Forwards: Dawn Martin, Sally Storey, Bonnie Berter, Betty-Anne Robertson, Judy Eagleson.

GIRLS' HOUSELEAGUE ACTIVITIES

Houseleague Basketball

Out of a total of 170 participants, 120 were from Grade 10. The Junior winners were from Room 54: Marg Terriff, Joanna McKay, Sally Storey, Helen Stevenson, Carol Gancheff, Connie Wilcox and Lynda Richmond. (The Junior Runners-up were also from Room 54). The Senior winners (grades eleven and twelve,) were the following: Pat McKague, Phyl Mundle, W. Schield, A. MacDonald, Y. Fairhead, Betty Fox, Betty Leach, and Ilma Feldmeyer.

General response was good, but what happened to our upper grades? Next year, let's have those seniors set a good example for the grade tens, and really show them what participation means, shall we?

Houseleague Volleyball

Out of a total of 293 participants, this time 120 were from grades eleven and twelve. Grade Ten Junior winners were the Yogi Bears from Room 4, namely: Marion Hartung, Maxine Louth, Kirstie Lewis, Wendy Maclean, Elaine Harder, Ev Wylie, Judy Maclean and Bev Jones. The Grade Ten runners-up were the Squirrels from Room 54. The Senior Winners were Ilma Feldmeyer, Gunda Maldjras, Sylvia Morasch, Sandra McLeod, Yvonne Fairhead, Arlene McDonald, Pat McKague, Alice Mickelson, and Marianne de Simon. The Senior Runner-ups was Myrna Beavis' team.

Table Tennis

This league was an experiment this year, but proved popular enough to make it a part of our program every year. Out of a total of the 104 participants, 78 were from Grade Ten. There were singles tournaments only this year. The Grade Ten Junior Champ was Sally Storey from Room 54, and the Senior Champ was Ericka Wernick from Room 15.

Co-Ed Volleyball

This is the most popular of all houseleagues, the number participating was 492. Enthusiasm was expressed by the wild shouts and laughter of the players on the floor echoing throughout the gym, however, when the play-offs began after Easter, they were accompanied by a grim determination to win, especially to beat the Teachers' Team.

NOVELTIES

FOUR OUTSTANDING LADIES

Maureen
Mulholland

As Class Valedictorian, Maureen was indeed an excellent choice. An honor student and French scholarship winner; French Club President, and active member of the Students' Union, Girls' Association and Red Cross Club; pleasant, pretty, peppy and popular, (Miss Personality of 1960), Maureen fulfills all the desired qualifications of Crescent's valedictorian. A wise choice, teachers, and a great success, Maureen.

Fran
Van Sant

No title is as fitting for Fran as "Most Likely to Succeed". President of the Students Union, Fran has performed each phase of her many-sided life with great energy, ability and enthusiasm. A scholarship winner, athletic champion, possessor of a beautiful singing, and sturdy cheerleading voice, Fran represents every phase of school life. In her dynamic leadership of the Union she has lived up to every faith put in her when elected. Thanks, Fran, and "Good luck!"

Maureen
Mitchell

One of Crescent's most capable artists, Maureen painted the backdrop for the operatic production, **The Pirates of Penzance**. Usual painter of the scene is an art teacher, Mr. Gerry White, who is away in England this year. Maureen took over, however, and handled the 36 by 15-foot job like a professional, giving us a very realistic picture of a rocky seashore on the coast of Cornwall and a very pretty background for the Old Gym stage. Best of luck in future artistic endeavours, Maureen.

MISS WYLIE

With the retirement of Miss Wylie this June, Crescent loses one of its best and most hard-working teachers. Miss Wylie has been sponsor of the Students' Union and Girls' Association for many years and here she gave of her time, energy and wise guidance to make for a better school. An avid mountain climber, Miss Wylie has proven her skill both in the Rockies and in the Alps and through this close association with nature has become an expert biologist and biology teacher. She also excels in teaching English.

Staff and students alike will greatly miss you, Miss Wylie, and we will find your place in Crescent a difficult one to fill.

HUMOUR

Gunman: "Put up your hands or I'll blow your brains out."

Randy D.: "Ha, Ha, Ha."

Lynn D.: "I woke up last night with the strange feeling my watch was gone."

Cec. B.: "Was it?"

Lynn D.: "No, but it was going!"

Marilyn McG.: "Will you please get off my foot."

Jerry H.: "Why don't you put your foot where it belongs?"

Marilyn: "Don't tempt me!"

Miss Dunlop: (paying a visit): "Are your father and mother in, Griff?"

Griff H.: "They was in, but they is out."

Miss Dunlop: "Why, Griff! They was in! They is out! Where's your grammar?"

Griff H.: "She's upstairs taking her nap."

Miss Duff: "Waiter!"

Waiter: "Yes, Madam."

Miss Duff: "What's this?"

Waiter: "It's bean soup, madam."

Miss Duff: "No matter what it's been. What is it now?"

Miss Wylie: "Haven't I run across your face at some time or another?"

Gerry Nelson: "No, it's always been this way."

Why does an Indian wear a feather head dress?

To keep his wig wam.

Laugh and the world laughs with you; snore and you sleep alone.

Brian W.: "Marilynn, is there anyone else?"

Marilynn H.: "Oh, Brian. There must be."

Lost: A green fountain pen by a man half full of ink.

Lost: A \$5-bill by a working woman tied in a knot.

Miss Weston: "Do you like Kipling?"

Ida T.: "I don't know, I've never kippled."

Miss Giles: "In the Arctic the Eskimos eat whale meat and blubber."

Ron S.: "You would too, if you had to eat whale meat!"

Mrs. Melech: "It must be difficult for a man with a moustache to eat soup.

Mr. Coop: "Yes, quite a strain."

"And how did you find the bath salts, madam?" asked the druggist.

Miss Smith: "Well, they taste very nice, but I don't think they have the same effect as a real bath."

A doctor had an urgent call from Mr. Davies saying that his small son had swallowed his fountain pen. "I'll be there right away," the doctor said, "but what are you doing in the meantime?"

Mr. Davies: "Using a pencil."

Miss Erickson: "Every time I have a cup of tea I get a stabbing pain in right eye. What shall I do?"
Miss Paul: "Take the spoon out of your cup."

A London newspaper published the following conversation between a visiting American and an Eton school master, with the usual assurances of its absolute truth:

American: "Do you allow your boys to smoke?"
Eton master: "I'm afraid not."
American: "Can they drink?"
Master: "Good gracious, no!"
American: "What about dates?"
Master: "Certainly, as long as they don't eat too many."

On the morning of an important recital in London, a famous American violinist stopped in at a small Leicester Square shop and asked the girl for an E string.

"Yes, sih," she replied dubiously, and disappeared for several minutes. When she returned, she had in her hand a box full of assorted pieces of cord, string, and old rubber bands. "Ere, sir," she said, "you pick hit yourself. I can't tell the 'e strings from the she strings."

Mr. G. French: "My hair is coming out. What can I get to keep it in?"

Barber: "A paper bag!"

Mr. McCullough: "Doctor, you've got to help me! I keep losing my memory."

Doctor: "How long has this been going on?"

Mr. McCullough: "How long has what been going on?"

Most of us with average nerves will feel sympathy for the TV announcer doing his first commercial for a new sponsor. With cameras centred on him, the announcer smiled, took a deep draw of the sponsor's cigarette, blew out a ring of smoke, and sighed blissfully: "Man that's REAL coffee!"

"Darling," the anxious suitor whispered, "I may not be as rich as Percival Thomas and I'm not as handsome. But I love you madly. Please say that you'll be mine."

"I love you too, darling," she answered, "but who did you say this Thomas fellow was?"

And then there's the one about the near-sighted snake who eloped with a rope.

Employer: "Sorry, young man, but I don't need any help. I just couldn't find enough work to keep you busy."

Tom G.: "You'd be surprised how little it takes."

Bill O.: "Are you fond of nuts?"

Judy: "Is this a proposal?"
